A SIG is a collection of members whose areas of practice or interest are not normally serviced by the Region. SIGs operate nationally and internationally.

If you are employed by a port authority, you may also elect to join the Port Health SIG. If you are employed in the private sector, you may elect to join the Commercial and Independent SIG. Members interested in international issues can join the International SIG. The Academic and Research SIG is aimed at academics and practitioners who have an interest or involvement in education and research in environmental health.
