

A close-up photograph showing a person's hands performing first aid on a mannequin's neck. The mannequin is wearing a red polo shirt. The person's hands are positioned to check the mannequin's pulse or breathing. The background is a solid green color with white curved lines.

Safety comes first

CIEH training is good for business.

Benefits of first aid training:

- meet your legal duties
- protect your staff

Benefits of accredited qualifications:

- minimize risk of litigation
- reduce insurance premiums

CIEH first aid qualifications can help you reach these goals.
