

## North West Region

### **DEALING WITH FATS, OILS, AND GREASE ; WORKSHOP**

The CIEH North West Region is organising an afternoon workshop aimed at Environmental Health Practitioners, and all partners, who regularly deal with problems involving Fats, Oils, and Grease (FOG) in the workplace. Members of the Chartered Institute of Environmental Health (North West Region) have highlighted the need for specialist training in this important area of environmental health.

The programme will cover the nature of FOG, the issues related with FOG, how it is being dealt with currently, what works and what does not, how to implement a programme that works and is easy to understand, and how environmental health practitioner teams can make a difference.

This is a not to be missed workshop which has been rated very highly by previous delegates.

The workshop will be taking place at :

The Blue Cap Inn, 520 Chester Road, Sandiway, Cheshire. CW8 2DN  
on Thursday 19th May 2011

CIEH Members: £75.00 per delegate

Non-Members: £99.00 per delegate

Student Members: £50.00 per delegate

Note : Three places will be reserved for Student Members which will be allocated on a first come, first served basis.

2.5 hours of CPD core points are available

The delegate fee will include all materials required, coffee/tea, lunch and course notes.

Presentation slides will be available to be downloaded by delegates after the event.
