CIEH e-Learning

Get ahead with CIEH accredited courses

Our **wide range of e-Learning courses** will enable you to avoid expensive and time-consuming training days and workshops.

Created by **subject-matter experts**, they will help to develop your skills and those of your team. They are **low cost** and can be taken at **any time**, minimising any disruption to your busy schedule.

What are the benefits?

1 Get the skills quickly and easily: Our e-Learning courses provide the essential knowledge that employers require in their existing and prospective staff. You can immediately download, print and save your certificates upon completion of a course*.

2 A better way to learn: Our online Learning Management System (LMS) uses a range of linked interactive elements such as video, animation and games to enhance the learning experience. Using new adaptive tools, the focus is on maximising the use of your time, whether you are learning new skills or simply refreshing existing knowledge.

3 Convenient and user-friendly: With 24-hour access to our courses, they are available when you need them. They are optimised to be viewed across multiple devices, and our dedicated technical support team and contact centre are on hand to provide any assistance you may require.

4 Companion mobile app: Our new mobile app now makes it even easier to access our e-Learning wherever you are and whenever you want.

5 Great value: With our e-Learning, you only pay for what you need. This is regardless of whether you are taking a course yourself, or arranging them for your immediate team or an entire organisation.

Get **accredited courses at your fingertips** with CIEH

We have been protecting the public, supporting professionals and influencing policy for more than a century, making us uniquely equipped with the industry expertise to deliver effective e-Learning for environmental health you can trust.

Our e-Learning courses cover the following key areas:

Food Safety Levels 1, 2 & 3

Our food safety e-Learning courses have been carefully designed by subject-matter experts to provide all those responsible for food safety, from food handlers and waiting staff through to supervisors and managers, can be compliant with the latest regulations and best practice quickly and easily.

Health and Safety Levels 1, 2 & 3

Following health and safety best practice is not only vital for managing and minimising risks to ensure a safe environment, it is also essential for adhering to government regulations. Our health and safety e-Learning courses cover a range of topics including slips and trips, manual handling and first aid.

Workplace Levels 1, 2 & 3

Today's workplaces require both employers and employees to adhere to a number of regulations aimed at making them healthy, safe and productive environments in which to work. Our workplace e-Learning courses cover a range of topics including health and safety in the workplace, the Equality Act 2010 and using display screen equipment.

The full list of all the e-Learning courses we provide is available at www.cieh.org/elearning.

Tailored for you

Our flexible LMS also allows us to customise our e-Learning courses to suit the needs of you and your organisation. We can tailor bespoke versions to include your branding and training content, as well as different images, video and text.

Need even more flexibility?
We also offer blended learning and training options. Find out more at:
