What are the challenges and opportunities associated with introducing a national register, including compliance, enforcement, data quality and engagement with landlords?

Speaker: Bethan Jones, Operational Manager, Rent Smart Wales

11:55 **Panel discussion: formal enforcement**

- The Renters' Rights Act promotes a hardening of the approach to landlords in terms of prosecutions and civil penalties because there is no provision for legal notices (e.g. improvement notices) to be used first. What is the future of formal enforcement? What are the challenges around doing more of it? What does this mean for smaller and rural local authorities, and what is happening with civil penalties?

Panellists:

- Dr Henry Dawson, Programme Director Environmental Health, Senior Lecturer in Housing and Public Health, Cardiff Metropolitan University
