Chartered Institute of Environmental Health

CIEH Air Quality Conference

Half-day conference: Friday 29 January 2027

09.15 **Registration and online login**

09.30 **Welcome and introduction**

09.35 Keynote: TBC

10:05 Clean air, local action: Delivering on the UK 100 breathing report

10:40 Tools for cleaner air: DEFRA's latest guidance, resources and services

- An overview of DEFRA's current air quality priorities, programmes and forthcoming developments, including the latest reports, guidance, toolkits and new air quality service to support Environmental Health Officers

11:00 **Comfort break & sponsorship videos**

11.20 Community data, cleaner air: A local approach

- A practical case study exploring how local air quality data and community-led monitoring can help Environmental Health Officers better understand pollution, identify local issues and inform effective action.

12:00 Making a difference: A coordinated approach to air quality improvement

12:35 The bigger picture: Understanding the global drivers of local air pollution

13:15 Air quality in action: Empowering local authorities to lead change

- Share practical learning from Hertfordshire on collaborative working, influencing local priorities and empowering Environmental Health Officers to turn evidence into effective local action.

Speaker: Matthew Clark, Programme Manager – Air Quality, Hertfordshire County Council

13.40 **Closing remarks**

13.45 **End of conference**
