Better Together

We want to get to know you. We have created Communities and advisory groups that enable you to engage with CIEH at whatever level you choose. In 2018 members can sign up for any one or all 5 Communities: Food; Housing; Health and Safety; Environmental Protection and Public Health.

The Communities have been created to reflect the recognised specialisms of practice within environmental health. A new exciting way to connect members with content relevant to individual needs and career aspirations. A great way to stay ahead of the competition.
